**About Our Vehicles**

The vehicles we sell are predominantly salvage. This means they come with damage in differing degrees of severity. You can secure these vehicles at wholesale prices through our auctions, but we recommend

you assess the vehicles against your own repair and/or re-use capabilities. You can use our lot details information, HD images (including 360 degree views on select lots), download a **Vehicle Report** or **Book a Virtual Vehicle Viewing** to learn all about the vehicles at auction.
